LAUNDRY TRUCKS

The New Standard for Bulk Linen & Exchange Trucks

These Next-Generation bulk linen and exchange trucks have one of the highest payload capabilities in the industry – up to 1000 pounds!

- ◆ Ergonomically designed— Front cutout reduces lower back strain from unloading material out of the bottom of the truck

- ◆ Rolled edges on the tops of both trucks provide the needed strength for commercial environments
- ◆ External ribs reduce corner damage and protect numbering and identification

LinenMaster 48™

Overall dimensions

48" wide x 29" deep x 66" high
(with 6" casters)

- ◆ Top shelf locks in place when converting the LinenMaster XChange truck into a closed unit

- ◆ Steel reinforced poly-base holds up to 1000 lbs. of "profit generating payload" per truck
- ◆ Ask about available colors, caster configurations and custom molded logo options

- ◆ Cross bar support is eliminated through exclusive rolled top edge and external rib design

- ◆ Pull cord and standard hand cutouts provide excellent control when moving loaded trucks

(Closed Unit)

LinenMaster XChange™

Overall dimensions

49" wide x 28 1/2" deep x 63" high
(with 6" casters)
